FYI - Lou called and needed something ASAP on chloroprene. Here's what I sent him (I'd provided ISA last week).

**Importance:** High

Hi John,

I hate to hit you with this last minute, but I'm hoping you can help me out by writing up a high level paragraph or two on chloroprene for the transition book. I'd do it myself, but I have two others to write up right now. Here are examples of blurbs for IRIS and ISAs that might serve as models. Short and sweet would be best. We're trying to get the transition book to the new guy this afternoon, so this is a barn-burner. Let me know if you slammed and I can try and find another way to get it done. Thanks! -Lou
